

Docs in the Park Program Toolkit: DATA COLLECTION MATERIALS

Data collection is important to programs like Docs in the Park. With the information that is gathered from the event, we can evaluate the effectiveness of the Docs in the Park program as well as possible areas of improvement. You can use the survey below to distribute to participants at your event. Please share your results with Baltimore City Recreation and Parks so that we can report your successes and continue to support the program.

Email to bcrp.volunteers@baltimorecity.gov. Thank you!
