SECTION 2. GENERAL FEE INFORMATION

The cost of organizing an event has two components—application and processing fees and the cost for any city services provided. All application fees are non-refundable and it will vary dependent upon a number of factors such as: the timeliness of your application submission and how far in advance of the event you have applied, the size of your event tents and your decision to use city-owned or private tents and stages, whether or not your event is on public or private property, whether or not you are serving food to the public and the size and capacity of your event. The services required or requested will vary depending on factors such as: the number of streets and intersections your event is closing, your decision to sell alcohol at your event, the size and type of temporary structures constructed for the event, the use of City electricians for concerts and festivals and, the need to address waste removal. Below is a fee table showing possible fees. For service project type events in parks (i.e. clean ups, tree plantings, or other direct community benefit activities, there is no filing fee to reserve space.

SECTION 3. STANDARD REQUIREMENTS

1. No more than 5 days may be requested on a single application. Exceeding this amount requires additional application submission for requesting the use of City space. (This helps to ensure we can fairly manage and allocate use and reservation of public space.)

2. Applicants for races, festivals, concerts or other events exceeding 250 participants are required to apply for City permits as an organization, and must be an organization in good standing. Event organizers are prohibited from applying for these events as individuals. The applicant party is responsible for the cost of an event unless there is submission of a signed Financial Responsibility Form at the time of application signed by both parties which identifies a third party, event beneficiary or sponsor as the party responsible for the costs associated with the special event. For this reason, third party applications are strongly discouraged without clear written agreement between parties about the sharing of event responsibilities.

3. Tents larger than 400 sq. feet are inspected by the Fire Department for fire safety and egress and there is a $150 one time inspection fee and not a per-tent fee. Often the tent supply company will ensure that this inspection occurs. As the event organizer you need to check to see if this is included in the tent vendor’s responsibility and if they are paying this fee.

4. Organizers must provide a portable fire extinguisher at each booth used for cooking. (2A-10BC for cooking and warming, Class K for deep fat fryers or any appliances using animal fat, vegetable oil or fat). Propane tanks must be properly secured.

5. All events must maintain access for emergency vehicles (20 feet clear) and may not block fire hydrants. Open burning is prohibited.

6. The Fire Marshall will review your maps and plans to make sure you have emergency access (20 feet wide). For certain events the Fire Marshall will attend and ensure requirements are being met.

7. You are required to read and comply with the guidelines for the American with Disabilities Act (ADA) Accessibility Guidelines for Special Events prior to completing this application. See “Special Events Guidelines for the Public.”
