It is recommended that 2-3 days prior to the ceremony, the renter watches the weather forecast and makes a decision to use the “back up” space. The Venue does not guarantee space availability and the Venue is not responsible for weather related incidents. Should you have any additional questions regarding rental space, please do not hesitate to contact our Rental Coordinator.

- **We strongly recommend that an audiovisual test run be completed one week prior to your event. We cannot guarantee that your audio visual content will be successfully displayed unless an A/V test is completed. Tests completed in less than one week from the date of your event, or no A/V tests being performed, run the risk of not being able to be used during your event. If a client does not schedule an appointment prior to the event date and a test was not performed, the Venue cannot be held responsible for any issue connected with the Venue's equipment.**
